

## FIRST SNOW OF YEAR ARRIVES; 11 PLOWS USED

February started off with more seasonable weather this morning after one of the three snowless months of January in Gettysburg weather records. This was 1950's first snowfall and the "heaviest" so far this winter.

State Highway department snowplows were given their heaviest workout of the winter when they were sent out at 1:30 o'clock this morning. Eleven plows were used to move snow and slush off main and rural highways. In the mountains the depth was reported about two inches. In Gettysburg the snowfall measured 1.6 inches at 8:30 a. m.

This was only the second trip out for the snowplows here. A half inch of snow early in December was the occasion for the other call.

**Warmest January Since '33**

The weatherman Tuesday put into the records the warmest January Gettysburg has experienced since 1933 and one in which an all-time heat record of 75 degrees for a January high shaded all previous mid-winter heat waves in the local records.

Last month's average temperature was 40.9 degrees, which would have been just right for March. Normal January weather averages 30.1 degrees. The warmest January on record here was in 1932 when the average temperature was 32.2 degrees above normal.

Since continuous weather records were begun here in 1903, only two other Januaries have been snowless—they were in 1932 and 1934. But in both instances the snow-free month of January was followed by 10 to 20 inches of snow in February and March and in each instance had been preceded by December snows.

This winter's snowfall to date is a half inch measured early in December. No other winter in local weather records has had so little snow to the end of January.

**Short On Rain**

Although rain in measurable amounts fell on 14 of the 31 days last month, the total for the month was only 1.42 inches, just under half of January's normal rainfall of 3.09 inches. Last year's January rainfall totaled 5.52 inches and included nearly eight inches of snow.

One unusual feature of last month's warm temperatures was that on only two days did the mercury fail to rise above the 32-degree mark. Those two "cold" days were January 20 and 21. In normal January weather, daily readings are often below the freezing point. Freezing temperatures were recorded on only 16 days last month and the lowest for the month was 17 degrees above zero. Below zero readings are frequent in local January weather records.

**Snow General In Pa.**

The groundhog doesn't take an official look at its shadow until tomorrow and that's a good thing. A quick glance at today's weather might influence Mr. Woodchuck's decision.

Snow flurries gave most portions of the state a real taste of winter and added to driving hazards remaining from yesterday's freezing rain.

The weatherman said from two to four inches of snow was expected in southwest Pennsylvania today with as much as five inches forecast for the state's eastern mountain region.

Tomorrow, when the groundhog emerges from hibernation, the weatherman predicts some more light snow or rain. Tradition has it that there will be six more weeks of snow if the groundhog sees his shadow.

## Hospital Bridge Club Votes Gift

The Hospital Bridge club, which over a period of years has raised many hundreds of dollars for the Warner hospital, voted at a recent meeting to spend \$330 to purchase a stainless steel ice cabinet with a food compartment for use in the diet kitchen at the hospital.

The club also decided to sponsor a room in the Musselman annex at the hospital.

Mrs. J. P. Dalbey, club president, presided at the meeting. The secretary's report was given by Mrs. Russell A. Campbell at whose home the meeting was held and Mrs. Edmund W. Thomas reported as treasurer. The club voted to add a bonus of 500 points to the scores of members who arrive on time at the club sessions.

**INDICT COUNTY MAN**

Garnet W. George, Fairfield R. 1, was indicted by the Franklin county grand jury at Chambersburg Tuesday on a charge of drunken driving.

## Much Interest In Dollar Days

Widespread shopping interest has been aroused since the announcement of the semi-annual Dollar Day sales to be held Friday and Saturday this week. Residents of Gettysburg and Adams county have come to look forward to these bargain days each year.

The 50 Gettysburg merchants participating in this first big sales event of 1950 will list their offerings in advertisements appearing in Thursday's issue of The Times. These two Dollar Days, they say, will be among the best money-saving, thrift events in the history of merchandising in Gettysburg.

Read the "ads" in The Times; use Thursday's issue as a guide; make out shopping lists, and shop early. The best bargains do not last long.

## NUTRITION MOST POPULAR TOPIC FOR 1950 CLUBS

Adams county women have selected nutrition as their Number One study during 1950, according to the annual report of Miss Mary Jane Mickey, county home economics extension representative.

The subjects selected by the women at various program planning meetings held throughout the county included: nutrition, methods of buying wisely, how to determine different cuts of meat and how to prepare them, furniture repair, child care and family relationships, how to make homes more attractive and clothing construction in that order.

One of the definite needs for extension work during the coming year is an increase in the number of meetings on child development problems, the women told Miss Mickey, according to her annual report.

**Issue 2,100 Bulletins**

During the last year the interest of county women in improving their homes, and is doing things more economically was expressed by the fact that 2,100 bulletins on various home economics subjects were secured from the county agricultural extension office and workers, the report shows.

The report also shows an increase in extension activities during the past year. A total of 2,402 attended various meetings. There were home

## County Music Fete Planned For Mar. 31

Plans for the annual Adams County Music Festival to be held at Gettysburg college March 31 were outlined at a meeting of the county's music teachers Tuesday evening at the office of the county superintendent of schools.

More than 450 of the county's school children will take part in the program to be held in the college gymnasium. Musicians from Gettysburg, Biglerville, New Oxford, Littlestown, East Berlin and York Springs schools will participate.

Guest conductor for the band will be James C. Weaver, director of music for Shippensburg State Teachers' college.

## Hafer Heads VFW Home Association

Sebastian R. Hafer was elected president of the Home Association of Gettysburg Post No. 15, Veterans of Foreign Wars, at a meeting of the directors held Tuesday evening at the VFW post home, Carlisle street.

Other officers named at the same time included Robert Codori, vice president; Robert H. Deardorff, secretary, and Thomas N. Bullett, treasurer. Hafer succeeds Jacob Appler to the presidency of the home association.

## Elect Thomas Hoke Head Of Vets' Class

Thomas E. Hoke, Emmitsburg, was elected president of the veterans' agriculture class taught by Frederick Block at an organization meeting held Monday.

Named as vice president was Harrison Fair, York Springs R. D., and Robert Foote, Biglerville R. D., was selected as secretary-treasurer. Retiring officers are John Horner, Gettysburg R. 1, president, and Lester Carey, Arentsville, vice president. The group had no secretary-treasurer last year.

**GIVES BAIL FOR COURT**

Elmer E. Boyd Jr., York, was held for the April term of court Tuesday by Justice of the Peace Robert P. Snyder, on a morals charge filed by a Gettysburg girl. He furnished \$500 bail following a hearing before Squire Snyder.

## SET UP PLANS ON SESQUI SEAL DESIGN CONTEST

Adams county schools this week will receive a letter from Assistant County Superintendent of Schools Charles I. Raffensperger urging the students to take part in the contest being held to produce an official seal for the Adams County Sesqui-Centennial association.

The nearly 10,000 school children in the county will be asked to submit their ideas of what the seal should be like, and the student creating the winning design will be awarded \$10.

All of the county's public schools and the parochial schools at Gettysburg, Littlestown, New Oxford, Bonneauville, McSherrystown and Conewago chapel will be notified of the contest, Raffensperger said. He added that it is the committee's hope that many students will participate, with the hope that research and study connected with the making of a seal will increase knowledge of and interest in the county's history.

**Krick Heads Committee**

Richard D. Krick, art supervisor of the Gettysburg joint schools, has been named as chairman of a committee of teachers and supervisors of art set up to promote the contest in the various localities.

Designs made by the students are to be sent to Chairman Krick prior to March 1. He will take the designs to the county superintendent's office where a number will be affixed to each design and the name of the student removed to prevent identification while being judged. Judging of the winning design will be conducted by the executive committee of the Sesqui organization.

Other members of the committee to promote the contest, in addition to Krick, are Grace Trimmer, of the Upper Adams Joint schools; Lolita D. Charles, of the Franklin township schools; Ruth L. Kump, Conewago township schools; Gladys Clemens, of the North Adams Joint schools; Rodney Law, Littlestown joint schools; Marion Mickey, Fairfield Joint schools; Carol Vlahakis, Conewago Joint schools; Dorothy Heifer, Lower Adams Joint schools; Sister Irma Dolores, S.S.J., Delone Catholic high school, and Sister Mary Hubert, St. Francis Xavier Catholic school.

**BULLETINS**

White horse, Y. T., Feb. 1 (P)—A pickup of faint radio signals on the "distress band" raised hopes anew today in the far-flung search for a missing C-54 transport and the 44 persons aboard.

The U. S. Air Force four-engine plane, bound for the state from Alaska, has been missing since last Thursday. The greatest search in far north aerial history has been pressed for it.

**Tokyo, Feb. 1 (P)—General MacArthur's top commanders today asked America's joint chiefs of staff for more air, sea and land strength to hold defense lines in tumultuous Asia. Highly competent sources said the need for additional power was stressed during an intensive briefing on the military situation in MacArthur's command. They said the military situation has deteriorated alarmingly.**

**Washington, Feb. 1 (P)—The government today argued to a Federal Court that current coal strikes and slow-downs are unfair labor practices. It asked the court to order John L. Lewis and his miners to stop these tactics. The case is that brought by Robert Denham, National Labor Relations Board counsel.**

**Waco, Tex., Feb. 1 (P)—Secretary of the Air Force Symington said today that Communist "dictators" now have "the world's largest ground army, air force and under-sea fleet." And he voiced a somber warning that Russia is capable of launching a surprise atomic attack "against which we have no sure defense"—on any part of the United States.**

**Chicago, Feb. 1 (P)—Earl "Curly" Lambeau, coach of the Green Bay Packers for 31 years, today was named coach of the Chicago Cardinals of the National-American Football league.**

**Paris, Feb. 1 (P)—Russia today rejected France's note of protest against recognition of the rebel, anti-French regime in Indo-China.**

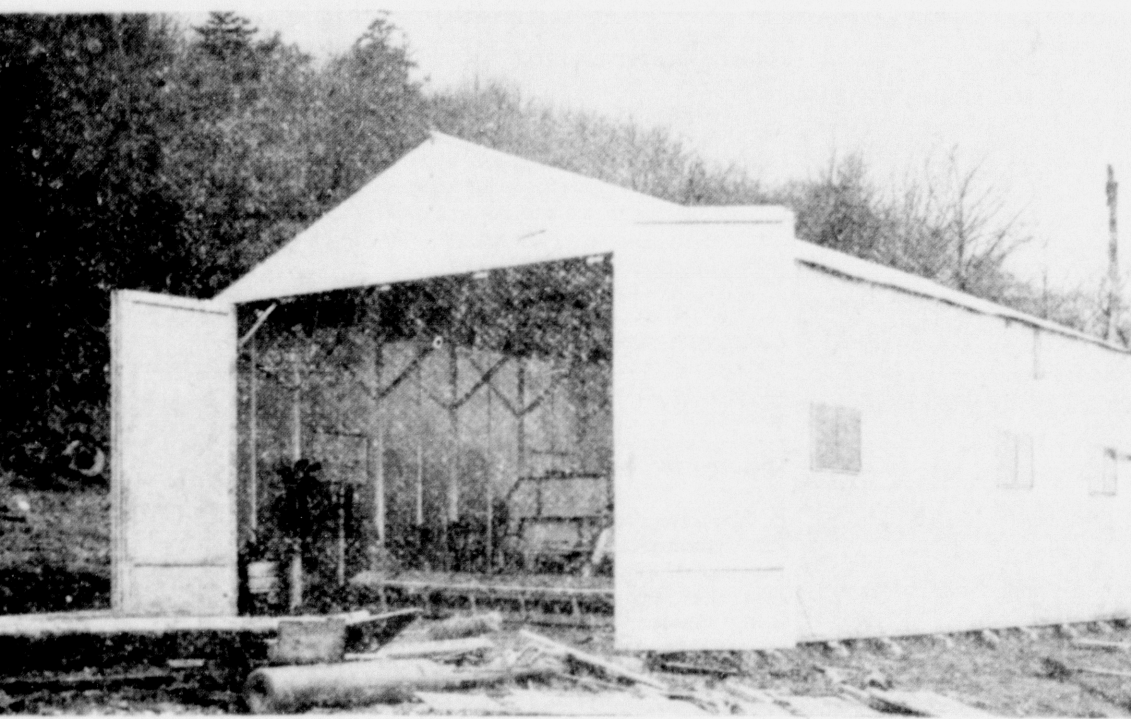

**ORDERED FROM TOWN**

Borough police Tuesday picked up a man, who gave his name as Pat Habrasky, of Winchester, Va., on Baltimore street for "panhandling." No charges were filed. Police escorted the man to the borough line on the Fairfield road and ordered him out of town.

**OYSTER FEED FOR ELKS**

A stag oyster feed will be held at the Elks home Thursday. Oysters will be served in all styles from 1:30 until 9 p. m.

## Littlestown CLUB ASSEMBLY HELD BY ROTARY

A club assembly conducted by George P. Smith, was held by the Littlestown Rotary club Tuesday night in Schottie's banquet hall. Each committee met with its chairman and discussed plans for the next six months. Rotarian Luther D. Snyder announced that a Boy Scout Court of Honor will be held Wednesday, February 8, at 7:30 p. m. in the high school auditorium. Rotarians, their wives and friends are invited to attend. Club Treasurer Paul Snyder presented his report and William T. Gingrow, Jr., reported for the student loan fund.

The club members offered a silent prayer in memory of Richard Sharner Ritter, seven-year-old son of the club secretary, Luther W. Ritter, who was tragically killed last Wednesday afternoon by the propeller of a wingless plane.

A. W. Schott conducted the business session. Dr. Howard A. Stone-ager donated a guess package which was received by Richard A. Little. J. R. Shilling, a member of the Westminster club, was a visitor. Following the meeting, the Rotarians, together with the Littlestown Lions were guests at the Littlestown-York (Please Turn to Page 8)

## New State Trooper Begins Duties Here

Pfc. Robert P. Brady, of the Pennsylvania State Police, began his duties today as a member of the Gettysburg substation detail. He was transferred here from the Chambersburg substation where he had been located for the past four years.

Pfc. Brady has had more than nine years of service with the state police. During the war he served with the Coast Guard. The transfer fills the vacancy left on the local detail by the transfer recently of Pfc. James Walsh from Gettysburg to Harrisburg.

## CRASH IN LITTLESTOWN

Automobiles operated by Sterling Wisotzky, Littlestown R. 1, and Abe Harris, Gettysburg, collided in Littlestown Tuesday afternoon, according to reports made to Police Chief Leon H. Gage of Littlestown and state police of the Gettysburg substation. Harris said Wisotzky was pulling out from a curb. He estimated his damage at \$125. Wisotzky estimated his damage at less than \$100.

**U.S. Going Ahead With Work On Super H-Bomb**

Washington, Feb. 1 (P)—The United States is going ahead full blast on development of a hydrogen super bomb in an obvious effort to win the atomic arms race with Russia.

Only an agreement which would bar atomic weapons in all countries, including Russia, under a tight system of international controls, can banish this prospective weapon from American arsenals.

The State Department is reviewing American policy on international controls—reportedly including the possibility of a new approach to Russia—but whether anything will come of such studies remains to be seen.

The decision to go ahead with work on the hydrogen bomb, expected to be vastly more destructive than the original A-bomb, was announced by President Truman yesterday. He said he had reached his conclusion under his "responsibility as Commander in Chief of the armed forces to see to it that our country is able to defend itself against any possible aggressor."

"Accordingly," the President said, "I have directed the Atomic Energy Commission to continue its work on

The Simpson Machine and Welding company, whose plant is located at the rear of 104 Carlisle street, recently designed a 22- by 32-foot, all-steel, portable building which can be erected in four to five hours, and taken down in about three hours, for the Williams Paving company, on its job on a section of the Pennsylvania Turnpike extension.

The Williams company, who laid the concrete on the new section of the Lincoln highway west of Gettysburg last year, needed a building it could use as a repair shop. It asked the Simpson company to build one which could be moved easily and quickly and at the same time provide adequate shelter and sturdiness while in use.

The building needs no experienced help either to erect or take down. Its total weight is 7,000 pounds, but no single piece weighs over 100 pounds.

The framework is erected first and then the steel siding, roof and doors are bolted in place. When it is taken down, bolts are removed, and the entire building can be carried on a ton and a half truck, with long wheelbase, in one load.

The machine company cites its sturdy, low-cost construction and portability as among its many advantages.

## SCOUT RALLY AT HANOVER FEB. 7

A Jamboree rally of Conewago district, York-Adams Area council, Boy Scouts, will be held Tuesday at 7:30 p. m. in Hanover Junior high school. Scouts, their parents, scouters and other persons interested in scouting are invited to attend.

Senior Scouts William Flinchbaugh, Dallastown, and Van Lott, York Springs, who represented the York-Adams council at the International Jamboree in Masson, France, in August, 1947, will tell of their experiences and display numerous items acquired by "swaps."

A film taken by the International Jamboree, featuring 35,000 scouts from 42 nations camping, working and worshipping together during the 10-day period, will be shown.

Details will be discussed for the coming National Jamboree to be held at Valley Forge from June 27 to July 7, at which time over 40,000 scouts and explorers from units all over the nation will be assembled in one camp.

Representative troops from England, Canada and other countries also will participate in the affair. The local area unit will be composed of 16 scouts and explorers.

## DORIS HOFFMAN WINS PIE HONOR

Doris Hoffman, 15, a sophomore, won the cherry-pie baking honors Tuesday at York Springs high school. She will represent her school in the county-wide contest to be held Saturday at Biglerville.

Judges in the York Springs contest included Miss Louise Frazier, home economics representative for the Manufacturers Light and Heat company here; Mrs. Eueene Leary and Mrs. E. E. Nell, both of York Springs.

Mrs. Gladys Clemens, Dillsburg, the home economics teacher at York Springs, said other contestants in Tuesday's pie baking event included Joy Christner, 16, Gardners R. 1; Bertha Rubenstein, 17, York Springs; Carolyn Snyder, 15, Gardners R. 1; Eleanor Klingler, 17, York Springs R. 2; Carolyn Goehenauer, 15, York Springs and Nadine Reinicker, 16, York Springs R. 2. Miss Reinecker won second place honors in the contest.

This year will mark the first time York Springs has had an entry in the county pie baking contest. The home economics department at York Springs was established only last fall through efforts of the York Springs PTA.

The contests held throughout the county during the past several weeks were sponsored by the Pennsylvania Cherry Growers Association. Following county contests, the state winner will be picked and sent to represent the state in the national contest at Chicago.

## Mrs. Riggs' Will May Go To Court

An estate, estimated in excess of \$25,000, of the late Mrs. Elizabeth Downey Riggs of Emmitsburg, is to be distributed to her husband, Dr. George H. Riggs, two sons and a granddaughter according to the terms of her will, admitted to probate Monday by the Orphans' Court, Frederick.

Apparently conflicting paragraphs in the will caused Register of Wills Harry D. Radcliff to caution persons contemplating the execution of a will to consult counsel. During the past week, he reported, his office has received three wills which have proven defective in part. One of the wills filed had no signatures of attesting witnesses.

Court attaches said it may be necessary to have the Circuit Court construe the intent of the testatrix in disposing of real estate. It was dated August 2, 1947, and witnessed by Alice S. Shorb and Frank W. Weant, Emmitsburg.

## Ritter Inquest Is Being Held Today

The inquest into the death of Richard S. Ritter, seven-year-old son of Mr. and Mrs. Luther Ritter of Littlestown, was being conducted this afternoon at the court house by Dr. C. G. Crist, Adams county coroner. The Ritter boy was fatally injured last Wednesday afternoon when he was mangled by the propeller blades of a small airplane in the backyard of a neighbor, Paul Luckenbaugh.

The members of the jury are Charles Doersom, Clifford Bucher, C. W. Epley, Jr., Harold Cromwell, A. W. Schott and Hugh C. McIlhenny.

## COUNCIL MEETS MONDAY

The regular February meeting of the borough council will be held Monday night at 7:30 p. m. in the council chamber at the engine house, according to notices sent out by Mrs. Anna B. Drach, borough secretary.

## GUEST SPEAKER

C. William Duncan, Philadelphia newspaperman and formerly of Gettysburg, will be the speaker at the annual sports banquet of the C. H. Masland and Sons company, Carlisle, on Saturday.

## 13 Couples Issued Licenses To Wed

Thirteen marriage licenses were issued by the county clerk of courts during January, the monthly report discloses. The number was the same as in January, 1949.

The first license for February was granted this morning to Glenn Beecher Kraft, son of Mr. and Mrs. Ira C. Kraft, Spring Grove R. 3, and Pauline Grace Schreiber, daughter of Mr. and Mrs. Ray M. Schreiber, Hanover R. 1.

## EXCHANGE CLUB AGENT TALKS AT LOCAL MEETING

Members of the Exchange club, at their regular weekly dinner meeting Tuesday night at Banker's restaurant, heard a talk by W. Lee Ryan, Paducah, Ky., a representative of the national headquarters at Toledo, Ohio, on "What Being An Exchange Club Member Means."

Two new members, Robert P. Snyder, insurance broker and justice of the peace, and David Garfinkle, photography shop proprietor, were introduced.

"Gettysburg is a good place in which to live, but you can make it still better by your work in the Exchange club," Mr. Ryan said. "Exchange cares not for a man's wealth but for his character," he added. "It concerns itself with a citizen's desire to aid his community, state and nation."

**Organized In 1896**

"Business and professional men cannot afford not to be members of a service club such as the Exchange."

"The Exchange club was first formed in 1898 in Detroit," Mr. Ryan continued. "By a group of business men who met at luncheon and exchanged ideas. The name 'Exchange club' was adopted in 1911."

"The second local exchange club was formed at Toledo, and later clubs were formed at Cleveland, and Grand Rapids, Michigan. Since then hundreds of clubs have been formed throughout the United States. There are now approximately 2,900 in the nation. Pennsylvania has 95 Exchange clubs, each with an average membership of between 50 and 75."

**Objects of Club**

Mr. Ryan listed the objects of the local Exchange club as follows: To exemplify the real meaning of "Exchange" in everyday business and professional life in a spirit of "unity for service"; to provide a medium for the exchange of ideas, methods and information; to take an active interest in local, state and national affairs, thereby helping to make the community, state and nation a better place in which to live; to educate members and the citizens of the community by disseminating among them information concerning subjects of general interest, thereby creating in their minds a finer appreciation of the advantages and benefits of American citizenship.

"Membership in the Exchange club is a privilege," the speaker said. "It is non-political, non-sectarian, non-commercial and non-legislative."

Clifford Naugle was a guest of N. A. Meligakes. There were 20 present.

## Finger Painting To Be Club Program Topic

A display and a color film on finger painting will be a feature of the entertainment program for the February meeting of the Woman's club of Gettysburg next Wednesday afternoon at 2 o'clock at the YWCA building.

In addition to the color, sound film, there will be a display of finger painting by Pennsylvania students from grades one to 12. The title of the film is "Why Young America Paints." The program was planned by Mrs. Willis Doyle, the club's fine arts chairman, and Mrs. C. H. Heldt, chairman of the art division.

Mrs. Edmund W. Thomas, club president, said that any members who have not received the annual printed program and directory issued by the club should notify her.

## Driver Fined \$10 After Local Crash

Edward A. Dincin, Brooklyn, N. Y., was fined \$10 and costs this morning by Justice of the Peace John H. Basore on a charge of failing to yield the right of way, following an accident on Springs avenue, Tuesday.

Borough police, who filed the charge, said Dincin pulled away from the curb in front of 221 Springs avenue and collided with a Metropolitan Edison car driven by Maurice Stoops, 145 Buford avenue.

## SEEK LICENSE

Joseph Henry Hobbs, Fairfield, and Rachel May Haley, Emmitsburg R. 3, have filed application for a marriage license in Frederick.

## STATE TO BUILD 5-MILE SECTION NORTH OF X-KEYS

The State Highway department will construct a five-mile section of the Hanover-Carlisle highway in Adams county this year and has advertised for bids on the job.

The bids will be opened at 11 a. m. in the state capitol building on Friday, February 17, according to a legal notice published in The Gettysburg Times.

J. William Kendeheart, Jr., maintenance superintendent for the state Highway department in Adams county, said the section marked for re-construction extends north from Cross Keys on the Lincoln highway to the Heidlersburg-East Berlin road intersection a mile northwest of Hampton.

## To Be Widened To 22 Feet

The present 18-foot improved surface will be widened to 22 feet. Many of the present short, sharp grades will be eliminated and about 17,000 cubic yards of fill will be used in establishing the grade for the new road in addition to the fill secured by cutting down the hillsides in the present highway.

A flexible bituminous surface will be applied to the new section.

Superintendent Kendeheart said that when the work begins this spring a detour route will be established through East Berlin and Abbotstown. The section of roadway to be built lies in Reading and Hamilton townships.

The Route 94 contract will be the second state road building job of considerable size for this county this year. Work began last fall on a section of the Gettysburg-Hanover highway where dangerous curves west of Brushtown are being eliminated.

## COLLEGE PAPER STAFF TO DINE

Lee McCordell, a staff member of the Baltimore Sun for 25 years, will be the guest speaker at The Gettysburg banquet which will be held at the Hotel Gettysburg on Thursday at 5:30 p. m.

The new editorial and business staffs of The Gettysburgian will be announced by William Snyder, editor. Retiring senior editors will receive fountain pens, and keys will be presented to 20 staff members who have fulfilled the requirements inaugurated last year. According to a point system begun this year, the two reporters having the highest number of points will receive keys also.

C. Paul Cessna, college alumni secretary, will be the master of ceremonies. The guest speaker, Mr. McCordell, has visited many of the Marshall Plan countries on special assignments. In 1932 he won the Pulitzer prize for his coverage of the national conventions.

Guests will include Mrs. McCordell; Dr. George Warthen and Professor George R. Larkin, advisers of The Gettysburgian; Dean Wilber E. Tilberg, Dorothy G. Lee, dean of women, and Mahlon P. Hartzell Jr., head of the college publicity department. Other guests will be Walter Lane, photographer; Paul Roy, editor of the Gettysburg Times; Paul Ramer, superintendent of the Gettysburg Times printing plant; John Raffensperger, and George Kadwail, foreman of the Gettysburg Times printing plant.

## Retired PO Janitor Is Congratulated

John Rhea, recently retired janitor at the local post office, has received a letter of congratulation on his services from U. S. Postmaster General Jesse M. Donaldson.

The letter notes: "Your creditable record in the custodial service has come to my attention upon the closing of your career as laborer in the post office building in Gettysburg, Pennsylvania. You have the consciousness of having performed your duties to the entire satisfaction of your government. I congratulate you upon your loyal and efficient service, and I cannot forego the opportunity to express my personal wish for your continued happiness and contentment."

## "Ag" Teachers Will Hear Scranton Man

T. R. Jones, Scranton, supervisor of forestry education for the Pennsylvania department of forests and waters, will be the speaker this evening at a meeting of the Adams and Franklin area agriculture teachers to be held at East Berlin high school. He will outline the educational program of the state department.

An area FFA meeting will be held at the same time at East Berlin. At that session the executive committee of the two-county FFA chapter will complete arrangements for an area banquet to be held at Chambersburg.

# AMERICA HAS NO COURSE BUT TO DEVELOP BOMB

BY DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)

President Truman's order to the Atomic Energy Commission to continue its work on all forms of atomic weapons, including the "so-called hydrogen or super-bomb," was of course anticipated as a measure of defense against any possible aggressor.

However, many folk will be shocked at being brought face to face with the necessity of going ahead and developing this new horror-weapon of untold destructive power. The question naturally has arisen in most minds whether there wasn't some way in which this might be avoided.

The answer to that, I believe, had to be "no" if the security of our country was to be insured.

War Not Likely Now  
There is no indication, as I see it, that there is serious danger of another world war in the near future. It could happen, but it isn't likely.

However, this cold war in which we are engaged—this conflict of the atom—is a fight to a finish. There is small possibility of any compromise.

This means we must be prepared for contingencies. We can't run the chance that the other fellow may have the super-bomb before we get it developed, for that would lay us open to a possible lightning attack which might knock us out overnight. And we may be sure that the other fellow is thinking of his own security in similar terms.

A Damnable Shame  
It is, of course, a damnable shame that such atomic weapons of war should have to be built in this day and age. Thinking along this line, the London Daily Mail, one of Britain's most widely read newspapers, editorializes:

"The question is: Can we do anything about this new menace before it splits the world?"

"Even if the United States decided not to produce such bombs, this would not bind other countries. The only way out is to control the source of bomb-making materials. But Russia has always said no to this. There should be one more attempt to get her to see reason. x x x"

Worthwhile Idea

"But the Russian people should be told, by radio and every other possible means of communication developed in the last war. If scientists can destroy the world, they should be able to talk to the world. Let them talk to the Russian people. That might do the trick."

Well, that's an idea worth turning over in our minds. Every reasonable effort certainly should be made to avert the tragedy of an atomic war.

It is worthy of note that the President's action followed closely the publication of Secretary of Defense Johnson's first annual report in which he called for America to be on the alert and stay powerful until international cooperation "is accepted by the adversaries who are now doing their utmost to destroy it." He warned that America could be attacked "from the opposite hemisphere without warning and with unpredictable fury."

The defense secretary expressed the encouraging belief that "the threat of war has diminished as our strength has increased."

economics clubs in 18 communities, thirteen 4-H clubs with 183 members were formed, and in addition 40 women called Miss Mickey to their homes to help with various home economics problems.

1949 Activities

Foods, clothing and furniture repair were the greatest interest of the county women during 1949, according to the report. Six groups making cotton dresses completed 80 dresses during the year, in addition the members of the 4-H clubs made 127 garments, made over 117 garments and mended 213 garments as part of their club activities.

The trend toward home repairing of furniture is still strong. Miss Mickey's report showed. Fifty-one chairs were repaired at various meetings and in addition a large number of covers for chairs and davenportes were made.

CHOIR PRACTICE SUNDAY

Chorus practice for the Adams County Christian Endeavor mixed chorus will be held in the Gettysburg college SCA building Sunday afternoon at 1:30 o'clock. At 2:45 Christian Endeavorers will meet there and then proceed as a group to the county home where they will render a service. Donald Warrenfeltz will be the speaker.

# Warriors Open Second Half By Halting Greyhounds 38-29

Leading from start to finish, the Gettysburg high school cagers opened the second half race of the South Penn league here Tuesday evening by defeating Shippensburg 38-29. The victory was sweet revenge for the Warriors after being upset by the Greyhounds in the first half.

After being held to eight points by Karper until he went out on fouls early in the third period, Kenny Deardoff poured eight more points through to take the scoring honors for the Forney-men. Dick Harriel, who started at guard, was second high with five goals and a foul.

Harriel dribbled under for a Gettysburg goal after 30 seconds. Kuhn looped a foul and Deardoff stole the ball to dribble through for another goal. Ford added a foul at the midway mark and Kuhn looped a foul before Lynch landed a lay-up for Shippensburg's first tally after 5½ minutes. Sachs and Keefe exchanged goals and Harriel dribbled in to make the count 11-4 at the quarter.

Deardoff and Ford landed shots to open the second round before Lynch tallied for the visitors after 3 minutes. Shippensburg then sported on a foul by Karper, goal by Greenwood and a pair of fouls by Karper. Williams landed a foul and Lynch duplicated. In the closing minutes Harriel landed a pair of goals while the Greyhounds scored on shots by Karper and Lynch. At half time Gettysburg led 21-16.

Deardoff opened the third period with a foul and long shot as Karper went out on fouls. Shippensburg cut the margin to 24-29 on two fouls by Greenwood and a goal by Beckenbaugh after 2½ minutes. That was the closest the visitors got. After Deardoff and Keefe exchanged free tosses, Deardoff and Harriel landed goals to make the count 29-21 at the close of the quarter.

**Scrubs Triumph**  
The Warriors triumphed in their lead in the final period and the closing seconds found all of the reserves in action.

The victory marked the ninth in 15 starts for the locals.

Coach Howard Shoemaker's Jayvees sported in the final period to gain a 27-21 decision.

On Thursday the Forney-men journey to Carlisle for another league game. The games were moved up from Friday due to a request by Carlisle.

## Glassford Tops Pitt Prospect List

Pittsburgh, Feb. 1 (AP)—The University of Pittsburgh, long time stronghold of single wing power football, apparently is convinced at last that the T is here to stay.

The system that Glenn S. (Pop) Warner started and the late Dr. John (Jack) Sutherland perfected to such a point that Pitt once ruled the nation's gridiron Giants is due to be junked. That's evident from the

## PIRATES GET PAUL PETTIT FOR \$100,000

Los Angeles, Feb. 1 (AP)—Baseball's new bonus champion is 18-year old pitcher Paul Pettit, who will get almost \$100,000 from the Pittsburgh Pirates.

In an unprecedented deal, Pirate General Manager Roy Hamey agreed yesterday to fork out that sum for the six-foot, two-inch, 206-pound southpaw who amazed observers with his twirling for Narbonne high school and American Legion teams. He's pitched six no-hitters.

The hundred grand transaction with a Hollywood twist, topping the \$75,000 bonus given catcher Buddy House by Detroit and the \$50,000-plus which went to Johnny Antonelli of the Boston Braves, Dick Wakefield of Detroit, and one or two others, marks a new high price for a rookie.

What is young Pettit going to do with all that money? "Nothing," he laughed. "I can't touch it until I'm 21."

But his father, George Pettit, a Long Beach night watchman, and movie producer Frederick Stephani, the prodigy's agent, will keep a careful eye on it.

Pettit will pitch for New Orleans in the Double A Southern association this year, Hamey said. As a bonus player he will have to be brought up to the Pirates in 1951.

The bidding for the lad was spirited, with the Brooklyn Dodgers and New York Yankees reported in the running until the Pirates raised their offer to what Hamey admitted was a \$100,000 deal.

Pettit himself won't get all the \$100,000 because of the unique contract he signed with Stephani before his recent graduation. Major league scouts, by law, couldn't contact Pettit until he was out of high school, but Stephani—unbound by restrictions—signed him to an \$85,000 movie, radio and television contract, which was approved in court.

The Pirates assumed this contract and tossed in \$15,000 more, most of which will go to Pettit. Stephani, however, will still have the movie, radio and video rights.

Under the original contract, Pettit got \$10,000 for signing, a bonus of \$50,000, a three-year salary of \$18,000, \$5,200 for his father, \$1,500 for his attorney, 10 per cent of screen profits—and even \$750 for honeymoon expenses if and when he marries.

man Pitt is courting to take the football post left vacant by Walter (Mike) Milligan.

Milligan, a Sutherland man in the best single wing tradition, quit last week rather than accept a one-year contract. Many thought Mike was deliberately dumped because of his cautious style of play.

Pitt's number one choice for the job is James William (Biff) Glassford, former Pitt guard and acting captain of the victorious Rose Bowl team of 1937. Glassford, coach at University of Nebraska, conferred in Chicago yesterday with Pitt Athletic Director Tom Hamilton.

## Bullet-Mule Tilt To Draw Big Crowd

A capacity crowd is expected tonight when the Gettysburg and Muhlenberg college cagers clash on the Eddie Plank Memorial gym floor.

The Mules, arch rivals of the Bullets, are again rated as one of the state's outstanding teams and rate as heavy favorites to cop tonight's decision.

Ross Sachs, Bullet guard, who was injured in the Pitt game, is expected to be ready for action.

At 7 o'clock the college frosh will meet Stevens Trade.

## JR. HI QUINTET WINS 7TH GAME

The undefeated Gettysburg junior high cagers won their seventh straight victory Tuesday night by nosing out Shippensburg on the latter's floor 48-31. Tallying 23 points in the second period which gave them a 34-13 lead at half time, the Cannons safely protected their margin in the last half. Heller and Pitzer, with 18 and 14 points, respectively, set the pace for Coach Gene Haas' outfit. The Biglerville reserves encountered plenty of opposition before winning the preliminary 30-27.

York Springs handed Littletown its seventh straight loop reverse. 38-35, at Littletown. Coach Kennedy's team piled up a 24-12 margin in the first half and was forced to fight off a determined last half rally by the Thunderbolts. Wishard topped York Springs with 21 points while Gerrick landed 15 for Littletown.

In a girls' division game played as a preliminary tilt at Littletown, the York Springs girls nosed out the Thunderbolts 41-39. Lory and Miller each scored 17 points for the winners while Plunkert looped 22 for the losers.

On Friday Carlisle Junior high will play here.

## E.B. DRIBBLERS DOWN MARIETTA

East Berlin high won its fourth straight basketball victory by upsetting Marietta Tuesday evening at East Berlin 44-32.

After trailing 17-16 at half time, Coach Warren Zimmerman's outfit went ahead in the third quarter and led the remainder of the game.

Mummert and Hinkle, each with 15 points, led the attack for the winners.

The Marietta reserves took a 16-5 lead in the first period and easily maintained their margin to win the preliminary game 46-24.

Boiling Springs will play a league game at East Berlin Friday evening.

## Westminster Added To Penn-Mar League

Westminster was chosen as the eighth team of the Penn-Mar baseball league at the monthly meeting of the league Tuesday evening in the VFW hall, Littleton. Dr. D. L. Beagle, Emmitsburg, president, was in charge of the meeting. Bernard Weaver, Littleton, was acting secretary.

The new and revised by-laws were read and approved. The league adopted the official "Reach-O" Ball. It was decided that the season will open Sunday, April 28, and close Sunday, September 10. O'Shaunessy play-offs will start September 17. All games will be played according to American league rules. Games will start promptly at 2:30 p. m.

The next meeting of the league will be held Tuesday, March 7, in the VFW post home, Littleton.

The eight teams in the league are Littleton, McSherrystown, Hanover, Blue Ridge Summit, Emmitsburg, Thurmont, Taneytown and Westminster.

TWENTY-FIVE YEARS AGO

**First Woman Juror In County:**  
Mrs. Effie Hantz, wife of J. R. Hantz, of Huntingtown township, who had the distinction of being the first woman in Adams county to serve upon a jury said that she was "not favorably impressed with jury service, although I hope that more women will take advantage of the privilege and the duty," after the grand jury of the January term of court, of which she was a member, was dismissed by Judge D. P. McPherson, Tuesday at noon.

**Coolidge Opposes Unification** (By Associated Press): Washington, Jan. 27—President Coolidge is opposed to unification of the army and navy air forces.

**Rubber Company Elects Officers:**  
William E. Pitts, of Hanover, was elected president of the Sure Foot Rubber and Rubber company, at a reorganization meeting of the directors in the offices of the plant Wednesday afternoon.

Roy Funkhouser was elected vice president, E. M. Bender, treasurer, and S. F. Snyder, secretary.

**Lions Entertained At A Dinner-Dance:** Twenty-five members of the Gettysburg den of Lions, with their ladies, attended a dinner-dance of the club at Hotel Gettysburg Thursday evening. Practically all of the members of the club from the rural sections braved the snow drifts to attend.

In the absence of J. Donald Swopes, president of the club, John W. Brown, first vice president, was master of ceremonies. The dinner-dance was arranged by a special committee, headed by Dr. Frank Kramer.

**Miss Catherine Hill Is Hostess At Formal Dance:** Miss Catherine Hill, daughter of Mr. and Mrs. H. S. Hill, Chamberburg street, and a student at Hood college, Frederick, Md., entertained at a dancing party in the Eagle Hotel Friday evening.

**Young Defendant Is Resigned To Death In Chair:** Philip A. Hartman, self-confessed bandit-slayer of Trooper Haley, found guilty of first degree murder by a jury late Saturday afternoon, is resigned to the fate that the jury verdict assigns—death in the electric chair.

The youthful condemned man was silent when taken back to the jail by Sheriff Shaler. He did not utter a word during the short walk from the court house to the county castle.

Even the consoling words of his attorney, George J. Benner, that he had petitioned the court for a stay of judgment and that he had asked for a new trial, did not seem to have a stimulating effect on the prisoner.

**Honor Memory Of H. C. Picking:** Out of respect to the memory of Henry C. Picking, for a number of years treasurer of Gettysburg college, who died suddenly Saturday morning, all mid-year examinations scheduled for Monday at the college were postponed.

Funeral services were held Monday afternoon at 2:30 o'clock from the college Lutheran church. Rev. A. E. Wagner officiated and a private interment took place in Evergreen cemetery.

The active pallbearers, selected from the student body of college, were M. E. Gladfelter, Ray Singley, C. W. Beachem, Edward Emanuel, E. R. Bollitz and Frank H. Shimer.

**C. W. Epley Leaves Hospital Sunday:** Clarence W. Epley who was operated upon for appendicitis at the hospital some time ago, was discharged as a patient Sunday.

**Seal Sale Fund Is Nearly \$1000:** Officers of the Adams County Tuberculosis society, which handled the sale of tuberculosis Christmas seals during the holiday season, report that contributions from the sale of seals are still being received and that when all reports are in the total will amount to approximately \$1000.

## Today's Talk

By GEORGE MATTHEW ADAMS

### MOVEMENT

All life is a thing of movement. Atoms are forever in movement. New things are not nearly so interesting as old things, for continuous movement changes them, giving them character. The antique can be accurately reproduced, but is lacking in the movement that has made the old unique.

The weatherbeaten fisherman, or tiller of the soil, has vastly more movement stamped into his face than the young worker. He has a long story in his face, and it is a story of movement and experience.

Said Robert Henri, the American artist: "A new fence is rather stiff, but it does not stand long before there is a movement through it, which is the trace of its life experience." We cling to many an old thing because it represents endurance—"tried and true." Some of us hesitate about buying a new car because we know so well how the old one performs. It is so full of safe movement!

Inventors are interesting people because their minds are nests of movement. Sporting games, like hockey, tennis, basketball, and football, have grown in popularity because there is so much movement to them. Spectators like to see action—and plenty of it!

A friend, showing me through his mammoth automobile plant, took me to where things were tested out, and there showed me motion and color, when a metal was put under pressure. When a man stops moving someone else takes his place.

There is continuous movement to the universe. Our little earth is forced, although I hope that more women will take advantage of the privilege and the duty," after the grand jury of the January term of court, of which she was a member, was dismissed by Judge D. P. McPherson, Tuesday at noon.

Only as we move into things do we become discoverers. And it's the things that we find within things that give us incentive to move into a section of interests.

Tomorrow Mr. Adams will talk on the subject: "Is God Real?"

### THE TWINKLE

When Adam was put out to dry, God must have said: "A twinkling eye will much improve him, I believe."

It did; and so 'twas done for Eve. And ever since the race began The twinkle has belonged to man, God's brightest last bestowal small.

Intended to improve us all. 'Tis obvious that all should try To keep that twinkle in the eye, Because when it is missing, we Are not what God meant us to be.

# Building Ideas For Home Owners Of This Community

## The Braintree — An Attractive Home

The six-room "Braintree" introduced today by the Home of the Week Plan Service, is the answer to a tidy homemaker's prayer.

A conveniently laid out home with seven closets, five of them on the first floor, three sets of built-in drawers and a large storage space upstairs, matches the house design, one that will take care of her every wish.

The house, measuring 30'x23', has a cubic footage of 14,000 feet. The garage, 19'x9', has 3,100 cubic feet.

The unusual treatment of the gable at right and the slightly raised roof over the front door give the house a distinguished look. Note the vertical lines of the gable and the corner window which contrast nicely with the horizontal lines of the clapboards.

The "Braintree" is so designed that downstairs provides complete living quarters. The second floor may be finished at will.

The front door opens into the well lighted and compact hall. Light is supplied by panes in the door.

A closet and wide stairway to the second floor are directly opposite. Through an arch at the right is the living room and to the left is the dining room.

**Oblong Living Room**  
The 15'x11' oblong living room has a fireplace flanked by windows and there is a large picture window in the front wall. Two large expanses of wall, the side and back walls, will accommodate large or heavy pieces of furniture nicely.

A door on the back wall opens into the 11'4"x8'6" den. Here there is a closet, and cross ventilation is provided by two windows.

A door from this room opens into a short hall, giving access to the

lavatory and kitchen. Two closets and the cellar stairs open off this hall.

If the upstairs is incomplete the den may be used as a bedroom. In this case one of the closets in the hall can be made into a shower stall opening into the lavatory.

A swinging door at the end of the hall leads into the 11'4"x10' kitchen. A broom closet is on the left just inside the entry door and the stove is on the right at the end of the L-shaped work counter.

The refrigerator is adjacent to the broom closet and the swinging door to the dining room.

The corner near the breakfast bar on the side wall provides an excellent place for a baby's play pen or a quiet corner for mother to plan her activities. It is brightened by a window opening on to the 10'x7' porch.

**Two Windows Over Sink**  
Double windows at the back brighten the sink beneath and the surrounding work counter. Overhead cupboards run along the back and inside wall to the stove.

A door leads to the porch and directly opposite is a door to the garage. This short cut makes it convenient for carrying packages from the garage.

A china closet is built in the inside corner of the 11'4"x10'6" dining room. A side window and another overlooking the street give ample light and ventilation. Plenty of wall space is provided for a buffet or other pieces of furniture.

Room for tool storage is left at the back of the garage. Two windows provide light for the man of the house when he is making minor

## 21 TUGS PULL "BIG MO" FREE OF MUD SHOALS

Norfolk, Va., Feb. 1 (AP)—The mighty battleship Missouri was pulled free of her Chesapeake bay shoal at 7:16 a. m. today.

Helped by choppy seas and wind-blown higher tide she yielded to the strain and whipsawing of 21 tugs and her own winches.

As she slipped aloft sternward orders were given to take soundings along the half mile of water back to the safe deep channel. Dredges had been working to clear a path for her.

Navy men afloat and ashore greeted the news with whoops.

"Bon Voyage" Present  
Once more the Missouri was the fleet's pride instead of a thorn in the fleet's side.

It was a perfect "bon voyage" present for Admiral W. H. P. Blandy, commander of the Atlantic Fleet. He is retiring today and turning his command over to Admiral William M. Fichteler.

The Big Mo, a stricken 45,000-ton giant since she strayed from the

buoy-marked ship channel January 17 and went aground, was moved cautiously from the moment she finally floated. The Navy put the official time at 7:16 a. m., but movement astern was plainly perceptible minutes before. It was an ideal day for the Navy to float the battleship and shed its big embarrassment.

Fresh northeast winds whipped Chesapeake bay and brought white caps that ran to four or five feet. A tide of an anticipated 2.6 feet was pushed higher by the wind and the Navy had managed to secure a fifth and sixth pontoon under her stern before the seas became choppy.

Her two big bow anchors had been removed. Four hundreds tons of fresh water had been pumped out and her bow rode higher. Three destroyers standing by to race around and create artificial swells were not used.

At the zero hour of 7:30 Rear Admiral Allan E. Smith, salvage chief, sent the terse message that gave retiring Admiral Blandy his going-away present: "Missouri reports for duty."

The ship that has been both the Navy's pride and persecution, was warped out into safe water for a trip to the Navy yard at Portsmouth for dry docking and inspection. Her sister ship, the unfinished Kentucky, was moved out so the Missouri could be accommodated.

## SENATORS SPLIT ON NEW PLAN

Washington, Feb. 1 (AP)—A split among Senate Republicans cast doubt today on the fate of a

proposal to change the way Presidents are elected.

Two Republicans who have been mentioned as possible Presidential aspirants in 1952—Senators Taft of Ohio and Lodge of Massachusetts—lined up on opposite sides on a proposed constitutional amendment to abolish the electoral college.

Taft, who heads the Senate GOP

policy committee, was out of Washington but was quoted by associates as ready to fight a pending measure by Lodge.

The bill proposes to divide each state's electoral vote among Presidential candidates on the basis of how many popular votes they get

in the state. At present, the candidate who receives the most popular votes gets all of the state's electoral votes, the other candidates none.

Because it would take the all-or-none gamble out of contests for electoral votes in populous states like New York and Ohio, the measure

might make it easier for aspirants from smaller states like Massachusetts and Minnesota to win party Presidential nominations. It also would spread Presidential campaigns to all corners of the nation.

Before the change could be written

into the Constitution, however, it would have to have approval of two-thirds of those voting in the Senate and House as well as ratification by three-fourths of the state Legislatures.

# TWO-WAY STRETCH

that's strictly inside stuff!

Look! What a round rear window and top-side styling in the Riviera manner.

Your Key to Greater Value

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

HERE'S THE NEW 1950 BUICK SUPER 126, companion body-type to the equally new ROADMASTER 130. Both are shorter than last year's 4-door Sedans—yet 4 inches longer in wheelbase. In both, the difference is used to give you real stretch-out room in the rear seat.

What the boys did here really calls for some medals.

We gave them the job of coming up with something that was bigger inside—for room and comfort—longer in wheelbase—always important to good riding qualities—yet unbulky and easy-handling in over-all dimensions.

Just look how well this tidy number meets these "impossible" specifications!

Item one—rear-seat cushions are a full foot wider than last year's SUPERS and ROADMASTERS.

Item two—in every dimension—leg-room, head-room, hip-room, shoulder-room—this rear-seat compartment is bigger than previous models—and nearly four inches longer, fore and aft, than other 1950 Buick interiors.

Item three—wheelbases are the longest of our 1950 line. On the SUPER, it is 125½" instead of 121½"—on the ROADMASTER 130, 124½" instead of 120½".

Yet—and here's where the magic comes in—the whole car is shorter over-all. Actually less from bumper to bumper than previous Buicks in these series.

That means easier parking, easier tucking away in family garages, easier maneuvering in crowded traffic.

There are some other things too. An extra rear-quarter window not found in standard 4-door Sedans. A different upperstructure styling that makes this body-type stand out as something pretty special.

Even special names that let you say, "I drive a SUPER 126" or "Mine's a ROADMASTER 130," just by way of being different.

Yes, we think we hit on a happy idea in the "Longfellows," as they're coming to be known. They are not longer, on the outside, but there's a two-way stretch—in width and length—in the rear compartment.

You're going to like that—as you'll see by calling on your own Buick

dealer. If he doesn't have one on hand, he can get it pretty promptly—and at a price and on a deal you'll have trouble matching, much less beating, anywhere else.

See him now, will you—about placing an order?

## "As I See It From Rampike Hill"

By LEIGHTON C. TAYLOR

Over a period of five years Mr. Taylor has written many intensely interesting and timely articles on a wide variety of subjects for The Gettysburg Times. . . . They attracted unprecedented reader interest. . . . Many were reprinted in other publications, and thousands of reprints were distributed upon popular request and demand from New York City to Denver, Colo. . . . Most of these articles have now been compiled and published in book form.

They make up a splendid volume of worthwhile topics . . . the book

Deserves a Place in Every Home and School

47 Fact Revealing  
Worthwhile Articles

226 PAGES

What two Pennsylvanians are honored in Statuary Hall? How serious is the threat of Communism to the U.S.A.? Is Freedom Free? Are our teachers underpaid? Do Boy Scouts combat juvenile delinquency? What's right with America? Should we have socialized-political medicine? Who is the POWERHOUSE of our Republic? Are all men created equal? Who is the wolf in sheep's clothing? Does the whistle of a train mean anything to you? What is Capitalism? Are we losing faith in our government? Who is undermining our Republic? Who were our two great Americans? You'll find the answers to these and many other questions in this beautifully bound book.

## BIGLERVILLE HI TO BE SCENE FOR CONTEST TO PICK BEST PIE BAKER

Six high school girls, all of whom have been devoting most of their spare time during the past week to practice, will vie Saturday at Biglerville high school for the title of champion cherry pie baker of Adams county.

The contestants will meet at Biglerville at 9:30 o'clock Saturday morning and begin their competition at 9:35 o'clock. With the girls permitted to select their ingredients, with the exception of cherries, ready prior to the contest, they are expected to begin mixing and rolling dough immediately. By 11 o'clock they are to have their pies in the ovens of the Biglerville home economics department stoves.

At 12:15 o'clock the pies will be removed from the ovens and placed for cooling while the contestants, their home economics teachers, members of the Pennsylvania State Cherry Growers association committee sponsoring the pie baking contest, and judges will adjourn for lunch.

**Rated For Poise, Too**  
At 1:30 o'clock, judging of the pies by J. Willis Beidler, of the C. H. Musselman company, Miss Madeline Muse and Mrs. Clifford Spangler will begin.

The judging by the three will not only include the pies but the girls themselves. While most points will be based on the cherry pies, their crust, points will also be given for the poise and personality of the contestants. Each girl taking part in the event will present three copies of her recipe to the judges, and will also have to make a three minute talk detailing how she makes her pies.

With all of the girls chosen to represent their schools as a result of contests held at the respective schools it is expected that all of the pies will be excellent. As a result the personality and poise points will probably have much to do with the selection of the county titlist.

**State Contest February 11**  
The winner of the title: "Champion cherry pie baker of Adams county," will take part in the state contest at Chambersburg, February 11. The winner of the state contest will represent Pennsylvania at the National Cherry Pie baking contest at Chicago, February 22.

Those taking part in the contest at Biglerville Saturday will bring with them all of the utensils and materials they need with the exception of the cherries. Arrangements for the cherries are made by the Pennsylvania Cherry Growers committee headed by William Lott, Gardners R. D. in cooperation with Adams county fruit processors.

**List Of Competitors**  
Among the school champions

scheduled to take part in the county contest are Doris Hoffman, 15-year-old sophomore from York Springs; Teresa Park, Biglerville senior; Jean Reinhardt, sophomore from East Berlin; Barbara Newman, New Oxford high school junior; Anna Bittle, Littlestown high representative, and Geraldine Caskey, Gettysburg high school senior.

Scheduled to accompany the school champions to the county contest are the following home economics teachers: Mrs. Gladys Clemens, York Springs; Mrs. Berenice Staley, East Berlin; Mary Mellinger, New Oxford; Mrs. Virginia Shelly and Mrs. Marvin Breighner, Littlestown; Miss Sophia Mucha, Gettysburg, and Mrs. Mary A. Diehl, Biglerville home economics teacher who will be hostess for the county contest.

## Property Transfers

Clifford J. and Maude A. Settle, Biglerville, sold to Paul J. and Ethel M. Clapsaddle, same place, a property in that township.

Harry J. Crum, Butler township, sold to Paul J. and Ethel M. Clapsaddle, Biglerville, a property in that township.

Joseph F. Staub, Mt. Pleasant township, sold to Martin David and Hilda Marie Seymour, same place, a property in that township.

Junior C. and Helen M. Julius, York, sold to Earl and Ethel Swope, Abbottstown, a property in Hamilton township.

## CIO Purge Of Reds Is Moving Ahead

Pittsburgh, Feb. 1 (AP)—The CIO is putting four member unions through the wringer. If the labor groups fail to clear themselves of a charge of communist domination they may be expelled. Six other CIO unions are listed for future investigations behind closed doors.

The labor organizations also are accused of resisting CIO control and with attacking CIO officers and policies.

The farm equipment workers and the big United Electrical Workers were thrown out of the CIO at the 1949 convention. The CIO set up a new electrical union—the CIO International Union of Electrical Workers—which now is waging a battle with the UE for control of about a half million unionists.

Convention delegates directed "fact finding" investigations of the other 10 unions.

Harrisburg, Feb. 1 (AP)—The state Agriculture Department today reported only 31 known cases of rabies in Pennsylvania last year—the lowest number on record in nearly 50 years. Dr. Charles P. Bishop, director of the Bureau of Animal Industry, credited enforcement of the state dog law as the chief factor in the record low. Bishop warned that dog owners are now subject to \$5 to \$100 fine and costs if their animals are found without 1950 licenses.

## GROWERS WILL BE GIVEN NEW SPRAY FACTS

Adams county fruit growers will be given a completely new spray schedule for bearing sour cherry orchards when they meet Saturday morning at the Biglerville auditorium for the annual all-day meeting sponsored by the Fruit Growers Association of Adams County.

County Agent M. T. Hartman said today that the revised suggested spray schedule for 1950 will completely eliminate lime sulfur from the list of materials to be used in sprays.

"The problem of disease and insect control on sour cherries is greatly complicated by the effect of sprays on the fruit," he pointed out. "Lime sulfur always causes some leaf injury. It has often failed to give good leaf spot control and has dwarfed the fruit in nearly every case when

used in a normal schedule. "Applied at weekly intervals, it reduced fruit size by about 17 per cent in three grower-sprayed comparisons in 1949. It also killed about 80 per cent of the petals in some county orchards when used in the pink spray in 1949.

"Most cherry growing areas use copper. The coppers seem to be more injurious here than in other areas. Bordeaux mixture dwarfs the fruits too much to be used during the period of rapid fruit growth. The least injurious of the fixed coppers have averaged about 80 per cent leaf retention and 8 to 10 per cent fruit dwarfing. All copper materials may cause a stem-end injury on the fruit which is very objectionable in canned cherries.

"Buter rot, Botrytis rot, Alternaria rot and brown rot have increased in most Adams county orchards to the point where they demand special considerations. Special sprays were applied in 1949. They can be controlled easier and cheaper by changing the regular June sprays.

"In view of these things, we are completely revising the suggested spray schedule for 1950. Considering

material costs, disease control, and effects on the fruit we believe that the program to be suggested Saturday will be lower in cost than the old one."

The schedule includes use of 2½ gallons 97½ to 99 per cent miscible superior oil in the dormant spray for Forbes scale and mites. Or 1½ quarts DN liquid or 1½ pounds DN powder can be used instead in the dormant spray to kill aphid eggs. Where oil is used in the spray the DN should be omitted and Parathion or TEPP should be used instead.

Iron carbamate, better known under such names as Ferbam, Formate, Karbam Black, is recommended for extensive use in the various sprays. Crag 341B, Parathion and TEPP are among other materials listed for various sprays. A Bordeaux is listed for pink, and either Crag 341B or Ferbam for petal-fall. Ferbam and lead arsenate or Crag 341B, fresh spray lime and lead arsenate are listed for the shuck-split spray. Crag 341B and fresh spray lime, or Fer-

bam are the alternates for the first cover; magneic 70 sulfur paste plus Ferbam, or lead arsenate are listed

as alternates for the second cover and pre-harvest sprays. The post-harvest spray should be of copper sulfate, fresh spray lime and DDT.

Quantities of the materials to be used, plus a number of details concerning compatibility and variations for particular disease or insect problems will be outlined at Saturday's meeting, Hartman said.

**Church Is Debt Free**

Almost \$12,000 was paid out by Redeemer's Reformed church during 1949, according to the annual report of the pastor, the Rev. Frank E. Reynolds at the recent annual congregational meeting of this amount, \$5,400 was for the actual running expenses of the church and more than \$1,300 was for repairs and improvements to the church. The total benevolence was \$2,475 and the parsonage fund drive netted \$2,906.16. The items contributed for benevolence included \$1,332 for the regular apportionment; \$701.59 for World Service; \$213.40 for the Home-wood Old Folks' home, Hagerstown, and \$109.74 was for the Hoffman orphanage.

Large contributions to the Parsonage debt included Ladies' Aid society, \$800; Hustlers' Sunday school class, \$500; Young Men's Bible class, \$150; Senior choir, \$100; Ever Faithful Ladies' Bible class, \$50; and Children's department of the church school, \$50. This debt was paid in full and the church is now debt free.

Receipts for the Ladies' Aid society were \$1,841.63 with expenditure of \$1,862.32. It was also reported that the church school has

This fund is to be used as the church officers deem necessary.

Statistical reports of the pastor reveal the following: Infant baptisms, 15; deaths, 5; transferred by letter, 5; erasures, 1; accessions: By letter, 8; by renewal of confession, 1; by confirmation, 14; total, 23. An aggregate of 10,061 attended the 76 worship services during the year 1949. The goal set had been 10,000. The congregation set a goal for 400 members to attend at least one Communion service during the year, but only 366 responded. Largest single attendance for the year was 810, when the Festival of the Christian Home was observed.

Material improvements to the church included the installation of flood lights on the church lawn at the rear of the church, through the assistance of the young men's class; and the installation of lights in the pillars in front of the church by the

Hustlers' class. Audio-visual aid equipment was the combined gift of a church member, the Hustlers class and the children's department of the church school. Two hundred new hymnals were secured for the church by the gifts of individual members and friends and an altar edition of the book of worship was given by Miss Helen Hesson in memory of her parents, Mr. and Mrs. B. Franklin Hesson.

Five hundred and thirty-five pieces of literature were sent to the sick and shut-ins during the year by Mrs. Richard M. Pheasant, chairman of the Home department.

Committees that assisted in the program of the church during the past year were: Building and Grounds: Lloyd E. Crouse, chairman; Walter P. Crouse, Paul H. Stonesifer, Stanley R. Weikert and Frank E. Stonesifer; Finance: Irvin J. Keefer, chairman; W. H. Dern, Samuel A. Harnish, Theron W. Spangler and Melvin A. Miller; Par-
